Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented included:

- Appointing a Head of Curriculum to lead a team of Intervention teachers in P-2 and the P-2 staff to interrogate reading data, implement targeted support programs in reading and coach staff in pedagogies that target student needs

- Appointing 3 intervention teachers – dedicated to P-2 to work alongside teachers to implement targeted intervention programs

- Providing opportunities for teams of teachers to work with the Heads of Curriculum and Intervention teachers to drill down reading assessment data, identify concept gaps, plan for concept repair, implement support programs on a cyclical basis.

After 2.5 terms of implementing these strategies significant progress has been made to reach our reading targets. It should be noted that the Prep cohort have reached and exceeded the reading target for 2014
